PETITION TO DROP A COURSE
After the Deadline

Please be aware that other options may exist for completing coursework without dropping a course and you should discuss these options with your instructor before submitting this petition.

PETITIONS ARE REQUIRED FOR ALL REQUESTS TO DROP A COURSE AFTER THE FOURTH WEEK DEADLINE FOR EIGHT WEEK COURSES (FIRST HALF-AND SECOND HALF-SESSIONS) AND AFTER THE EIGHTH WEEK DEADLINE FOR SIXTEEN WEEK COURSES

In the case of extenuating circumstances, special administrative exceptions to the campus deadline may be made. The petition must include relevant documentation, as the request will not be reviewed/considered without these documents.

PROCEDURAL GUIDELINES

All of the following reports, along with any documentation, need to be turned in at the same time. The petition will not be reviewed until the documentation is complete. You are responsible for the following:

1) Contacting the instructor for the Estimated Grade Report for the course you are requesting to drop (The Committee will wish to make note of the instructor’s estimation of your attendance, progress, and problems encountered).

2) Checking on the implications such a drop would have on financial aid, lengthening of academic tenure and all related financial and other implications of this, eligibility for housing, participation in intercollegiate athletics, insurance coverage, student employment, or other activities.

3) Attending class while the petition is being reviewed. The College will notify you in writing of its decision on your petition. Some petitions require more time than others to review. If you are not permitted to drop the course, you should try your best to pass it while not neglecting your other course work.

4) Presenting as complete a description as possible of your situation. The following information should be included in your petition:

   a) A discussion of the circumstances which made you decide NOT to drop the course within the stated University of Illinois at Urbana-Champaign deadline;

   b) A discussion of your current status in the course, your prospects for improvement, your attempts to improve your performance (contact with instructor, tutors, etc.), and any extenuating circumstances beyond your control that you believe have harmed your performance; and

   c) A discussion of your reasons for taking the course.
