ACE Study Abroad Programs

**Why Study Abroad?**
There are over 400 programs available to University of Illinois students. The following are programs that fit well for students in ACE. Consider your interests, academic goals, and geography and talk to both your academic advisor and the College of ACES study abroad office about what fits your needs. Study Abroad gives students an edge in the job market: You can impress prospective employers by gaining a global outlook and diverse perspective.

**How does study abroad fit into your major?**
Semester abroad programs fulfill the ACE international requirement, and most students can fulfill some Gen Ed program requirements. The ACES international studies minor can complement your courses, and add to your resume. Studying abroad can equip you to work better with people all over the world, improve self-confidence, and exert your independence. Semester-programs listed below have some business-related programs offered, and can be a nice compliment to required courses in your ACE major.

**How do I get started?**
Go to www.studyabroad.illinois.edu and watch a “First Steps Video”. Then do some searches for where you want to go. Attend the campus study abroad fair in early September and early February. Then, begin an application and register for scholarships -- http://academics.aces.illinois.edu/study-abroad/scholarships.

**Application Deadline:** Varies, Spring semester and WB Sept 15, Summer and Fall Feb. 15

**Contacts:** aces-studyabroad@illinois.edu

**Walk-in hours:** Tuesday and Thursday 2-4pm and Wednesdays 9:30-11:30am

123 Mumford Hall
