# Program Summaries

## **FACULTY LED:**

### **ACES in Costa Rica: VIDA Pre-Vet Study Tour**

This is a high quality educational program for those who wish to gain clinical and practical experience in the field of Veterinary Medicine. The VIDA program focuses mainly on the sterilization of felines and canines in field clinics; however, participants will also gain experience in working with large animals.

### **ACES in Botswana: Wildlife Conservation and Communities**

#### **ACES Tanzania: Winter Wildlife Management**

Wildtrax presents students with a hands-on research experience through a 2-month summer module, or 2-week winter break experience on Communities & Wildlife Conservation Research Field Training Studies in Botswana or Tanzania. Students begin with a lecture series at the research camp to understand the dynamic coexistence of humans and wildlife. After the course work, students join the research team to learn field techniques and collect data.

## **SUMMER:**

### **ACES Study & Intern in France at El Purpan**

This program in the south of France involves 1 month of courses studying French language as well as viticulture and enology. The second month of the program, students participate in an internship on a French vineyard, dairy or other agricultural site while living with a host family. There is also a semester program at Purpan with courses in animal and food production.

### **ACES in New Zealand at Massey University**

Massey is New Zealand's premiere institution for the life sciences and agriculture. The city of Palmerston North is conveniently close to west coast beaches, and within easy driving distance to the Hawke's Bay wine region, skiing and snowboarding at Mt. Ruapehu, and New Zealand's capital city, Wellington. A summer study tour is offered with an internship in Hawke's Bay or students can study at Massey for an entire semester.

### **ACES Study and Intern in Greece at American Farm School**

The Dimitris Perrotis College of Agricultural Studies in Thessaloniki, Greece, offers a six-week program that fuses practical, hands-on agricultural work experience with a unique introduction to the culture and traditions of Greece. The program includes classroom and fieldwork exploration of the dynamic and varied world of Greek agriculture and food industry, as well as exposure to daily life in Greece. There is also a semester program available.

## **SEMESTER:**

### **ACES in Sweden at SLU in Uppsala**

SLU's objective is to develop mankind's understanding and sustainable use of biological natural resources. The university conducts research and offers educational programs in areas related to the use and preservation of biological resources. Courses are taken in English.

### **ACES in the Netherlands at WUR in Wageningen**

Wageningen University and Research Centre is one of the leading and most internationalized universities in Europe, located about an hour south of Utrecht. The language of instruction in many courses is English. It is an ideal site for students interested in crop science and environmental science.

**Application Deadlines:** Varies, Spring semester and WB Sept 15, Summer and Fall Feb. 15

**Apply:** [www.studyabroad.illinois.edu](http://www.studyabroad.illinois.edu) - Click 'programs' and enter program name in search field

**Cost:** Varies depending on length and location

**For information on scholarships:** <http://academics.aces.illinois.edu/study-abroad/scholarship>

**Walk-in hours:** Tuesdays & Thursdays 2-4pm and Wednesdays 9:30-11:30am
